### Laptops, Laptops, Laptops

Miramar College purchased 300 laptops to be loaned out to students in need of such technology so that they may continue to pursue their academic goals with little interruption. Eighty laptops were distributed on Saturday, April 18. Fifteen Miramar College employees volunteered to work the distribution line. Students entered in their cars off of Black Mountain Road and were instructed to move their way into the G3 parking structure near campus police. From there, volunteers placed the laptops into the trunk of the student's car and off they went.

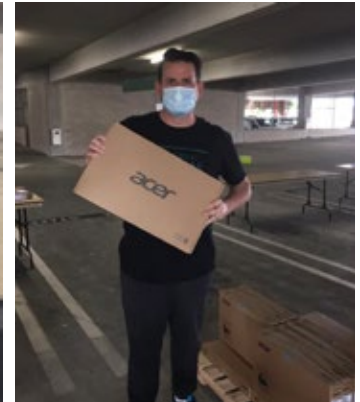

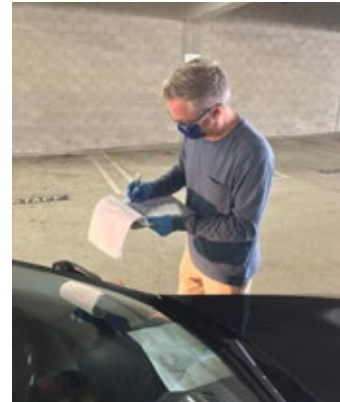

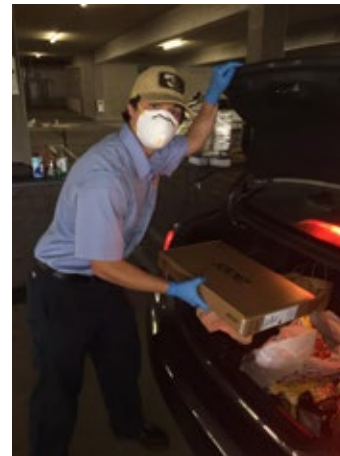

Students selected to receive a laptop will be able to borrow the laptop for spring, summer and fall 2020 academic terms, provided that they are enrolled at San Diego Miramar College for each term.

A strategy for getting the remaining laptops into the hands of students who need them is being developed.

CBS8 covered the distribution and you can see the story [here](#).

The Miramar College Foundation provided \$8,000.00 in initial funding for the purchase. The College is also using funding from its San Diego Miramar College Foundation COVID-19 Emergency

## Board Proclamations

On April 9 the San Diego Community College District Board of Trustees unanimously passed a resolution commending every employee at the district's three colleges and Continuing Education. The Board members want everyone to know how deeply they appreciate our work during the coronavirus/COVID-19 crisis in converting our District to remote formats in instruction, support services, and operations. From teaching to counseling to Information Technology to administering offices to providing support services to custodial and maintenance functions to police and many other areas, you all mobilized very quickly and worked extremely hard to ensure the continuity of all important services for our students and the community.

In addition, the Board of Trustees passed and adopted a proclamation recognizing Classified Professionals and declares the week of

May 17-23, 2020, as Classified Professionals Week.

The Board of Trustees expresses its appreciation and recognizes the remarkable support and continuing accomplishments of Classified Professionals in providing accessible, high quality learning experiences to meet the diverse educational needs of the San Diego community.

## New Summer 2020 Advertising
